

JAMES RUSSELL WIGGINS
EDITOR

June 3, 1966

Dear Dr. Lederberg:

Our editors have been discussing the proposal you laid before me on May 17 and going over the material which you left with me.

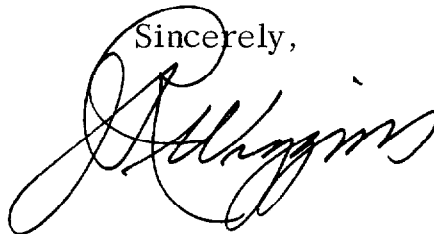

We were impressed with the two pieces you sent on and would like to make use of them.

^{one} What they suggest is that you now write two or three column-length pieces of the kind that you think would accomplish the purposes that you have in mind in a newspaper of general circulation.

These will then form the basis of the final judgment on how we ought to proceed with this feature.

I bring you greetings from Bill Meyer, with whom I spent a evening on Hog Island in Penobscot Bay recently.

Sincerely,

Dr. Joshua Lederberg
